About this item

- 1.Superior Quality: The COB LED chip is made of high quality chips, 999 gold wire soldering, copper bracket package and ceramic

substrate. It is also equipped with a 20mm star PCB base for effective heat dissipation

- 2. Widely applicable: Suitable for security monitoring (night vision fill lights), infrared sensing (automatic doors, alarms), industrial testing scenarios, with strong penetration and adaptability to various low light environment equipment.
- 3. Professional use: Supports lighting and circuit design, DIALux evo layouts, LitePro DLX layouts, Agi32 layouts, automatic CAD layouts, on-site metrology and project installations
- 4. Friendly Tip: The recommended operating temperature range for this product is 40-60°C (104-140°F) and temperature monitoring is recommended. We recommend using a constant current LED driver for best performance
- 5. LEDGUHON focuses on LED chip manufacturing, providing multi wavelength, multi angle, and multi model products that can be seamlessly integrated into various lighting fixtures. It is also the first choice for DIY lighting projects.

Christian Call

Works as described

Reviewed in the United States on January 1, 2026

Color: White 4700-5200k&90deg Verified Purchase

Work good. Not as bright as expected.

Report

Matt Harvey

Good price and very bright

Reviewed in the United States on March 25, 2025

Color: White 4700-5200k&90deg Verified Purchase

The lights are really bright and a good price. I got them to replace a light in my favorite flashlight. I did have 2 of them burn out within a day but that was fine because it's a 5 pack.
